## Three German Cruisers Sunk

### Loss of the Good Hope and Monmouth Avenged

The official information bureau in London, made the follow-  
ing announcement yesterday (Dec. 9th). "At seven-thirty a. m.  
on the 8th day of December, the Scharrhorst, Guisemann, Nurn-  
burg, Leipzig, and Dresden were sighted near the Falkland Is-  
lands by a British squadron, under Vice-Admiral Sir Frederick  
Sturdee.

"An action followed, in the course of which the Scharrhorst,  
flying the flag of Admiral Count Von Spee, the Guisemann, and  
the Leipzig were sunk. The Dresden and Nurnburg made off  
during the action and are being pursued. Two colliers were also  
captured.

"The Vice-Admiral reports that the British casualties are  
few in number. Some survivors have been rescued from the  
Guisemann and Leipzig."

The German vessels sunk, with the Nurnburg and Dresden,  
composed the German Pacific fleet, which sunk the Good Hope  
and the Monmouth, in an engagement off the coast of Chile, on  
November 1st. By the sinking of the German vessels, the Pacific  
is practically rid of all hostile vessels and the loss of the Good  
Hope and Monmouth has been avenged.

## What can You do to Help the Fund?

There are no doubt numbers of people in this community who would only be too glad to give a donation to the Canadian Patriotic Fund or the Belgian Relief Fund, but owing to the fact they have had to receive government assistance, do not feel justified in contributing to either fund. One man offered to put in an acre of wheat for the fund and turn over the profits next harvest. Contributions like that will help, providing there is any sort of a crop at all and if farmers will do this generally the fund would assume considerable size next fall.

Ready cash is needed for the Belgian Fund, however, and the executive committee appeals to all church organizations, Ladies Aids, Literary societies etc. to arrange Patriotic concerts particularly for the benefit of the homeless and starving Belgians.

Do Your Part, and Help to Swell the Fund.

## Letter from Local Boy With Second Contingent At Calgary

31st Battalion, C. E. F.  
Victoria Park,  
Calgary, Alberta  
Dec. 7th, 1914.

My Dear James—

I have been a long time about writing to you, but I hope you will overlook my sin. I have now well begun at the beginning and tell you all I can. From Oyen to Youngstown we just smoked and talked as you might remember. We had to kill a frightful amount of time there until Thursday.

When the train came into the station, we were nearly all in the Hotel and had almost to fight our way across the platform. Our Oyen hands did not suffer any at Youngstown, but the other poor guys had to go through it. Dr. Sproston came with us and Dr. Hart came down the following day. At Hanna, we were admitted free to the dance on Thursday evening and on Friday there was a concert and dance in aid of the Hospital to which the volunteers were invited. The other people were fined a dollar for going. Lots of fun there, the singers were mostly English, good ones too. A big crowd filled the dance hall to busting out but that helped the fun. The hotel people charged us full fare. The Youngstown proprietor let us off with half fare and either he or some other decent guy sent down cigars and cigarettes to the train. The Hanna gink didn't come then with any thing down to him. Youngstown is not far from Hanna, but we had about a week's fun crowded into that short ride. We didn't sing "Tippy" all the time. We varied it with "John Brown's baby had a plimble on his nose," and other simple and touching ballads. My throat was howled away before we were half way there. The Hanna "Bass Band" (sounded like tin cans on a dog's tail) preceded us to the train (we left it behind).

West of Hanna, the country becomes very rough, that part, we met a note that can be seen from the train. The track follows the valley of the Rosebud Creek for a long distance, a deep crooked valley with great lumpy sides all scamed with clay and often very deep waterways. Some timber grows, buck pine, but not a great deal. We had 30 minutes time to eat at Drumheller. We five went into a little restaurant - Greek I think, and got the best soup we ever had since we left home. We met Mr. Debever there and brought away his good wishes. After while we left the Rosebud Creek and rode along on a fairly flat prairie, with nothing to look at, at all, except the homesteads and telegraph poles. A brace of officers met us at Calgary and marched us off to the barracks, which in ordinary times met no Exhibition Build-

ings and Grounds. The front end of the Horse Show Building is occupied as orderly room, while the Building itself is used as a Drill Hall, except last week and this, while a poultry show holds its own self on the public. The buildings used for exhibiting horses, have been transformed into barrack rooms and are fitted up pretty comfortably. Each horse box is a room with nine bunks in it, arranged round 3 sides, and in 3 tiers, the 4th side is open down the center of the room are set the tables and forms. The buildings are all heated by gas, natural gas, and in each room 3 heaters have been placed. We have a shower bath in each, supplied with hot and cold water. We arrived in the barracks and were immediately lined up along a table and an emmelled bowl, a diplo plate and a knife, fork and spoon were issued to each man. Then we sat down and they gave us the stuff to get busy on. After we finished that and washed our dishes, they supplied each of us with 3 blankets and a tick, most of the ticks were already filled. Mine was and that was the main thing. As far as banking was concerned we were separated for a few days. But the process of organization went on steadily and soon were in half companies and sections and each man his place and when this was being done we were instructed to get our chains or whomever we wished to be with, and after that they arranged our bunks so that we would live together as well as drill together.

On the Sunday afternoon they gave us as much of our kit as they could, but it was kind of hard to fit everyone - specially Doc Sproston. He is (or was then) about 45 round where his waist is not and the widest pants were on him. We, of course, weren't allowed to appear in public clothed in a mixture of civic and military regis. So while I was still short of some of my stuff I had to look like my ordinary self. Some of these thoughtless "ginks" persist in shaking the table. On my first Thursday about 10:30 a.m. after we came in from a squad drill parade, an orderly came in and bawled for a stenographer, I answered and was hauled off to the orderly room and I've been pounding bun wrecks of "scrap" ever since, am missing all the drill lectures, musketry drills, also the orderly and fatigue duties. The officers are all n.s. except one, (one of these thoughtless "ginks" is always once of something that is not as you like it. The Col. is a nice old guy. Tat-too goes at 9:30 and roll call between that and 10 p.m., lights out at 10:15 p.m., Reveille 6:30, in the good old S.T. We can get a pass in (or perhaps every night) till midnight. I get out nearly every second night. I go down to see James and his wife and baby frequently.

Last post now so I'd better be off and make my bed, so I'll say, so long old pal.  
Hubert D. Porter,  
(to be continued next week I hope)

#### Lawndale School

is Re-opened

Considerable interest was shown in the re-opening of the Lawndale school house last Friday, when Mr. Thos. Edgar, of Stammers commenced his duties as teacher.

Under the able care of Mrs. Hale, the school had a very successful first term, and the fact that she could not remain in charge is a matter of regret to the trustees, parents and scholars alike.

The trustees are pleased to announce that the school debentures have been sold and all outstanding accounts paid. The school house was completed during the past summer and since it was opened had filled a long felt want in this district. The interest shown by the school children is most gratifying and under the able tuition of Mr. Edgar, another very successful term is anticipated.

#### HOW ARE

YOUR EYES?

It is most important question nowadays, for there is an impression that each succeeding generation makes glasses more and more in demand. But it is wise to have advice about the eye-sight, and particularly if one suffers from Headache, most of which are distinctly traceable to eye disorders. I fit glasses that give instant relief to the eyes and the head.

I have arranged to beat the Jewelry Store, Oyen every Wednesday. Remember the day and take advantage of this opportunity to have your eyes attended to. All work is absolutely guaranteed.
